

CROCODILE SKY MEMENTOS

On January 14th the students, staff and volunteers of Kate Sullivan Elementary became human drops of paint to a living work of art. For a week, Daniel Dancer, a world reknowed conceptual artist, brought to our school an inspiring message about the power of collaboration in taking care of our planet and awakening our “sky-sight” which allows us to find our highest creative potential. His teachings combined with knowledge of the endangered crocodile, led to our magnificent creation, *Crocodile Sky*. SEE: www.ARTFORTHESKY.com

To commemorate this once in a lifetime event, we are offering “eco-friendly” organic cotton T-shirts with the image on it, photos and the beautiful DVD/Film that Daniel Dancer put together documenting this project. **Although the work of art itself was impermanent, don’t miss the opportunity to have a tangible memento of this once in a lifetime event!**

All orders need to be returned to school by Friday, Feb 13.
